Hiring Manager  
Unified Engineering  
Canada

Subject: Application for welder-fitter Position

Dear Hiring Manager,

I am excited to submit my application for the welder-fitter position at Unified Engineering in Canada. With hands-on experience across multiple construction and skilled trades disciplines, including drywall installation, carpentry, painting, concrete finishing, plumbing, and welding, I am confident in my ability to contribute effectively to your projects and team. My diverse background in general construction has allowed me to develop a strong foundation in both technical skills and practical problem-solving on site.

In my previous roles, I have consistently demonstrated adaptability, attention to detail, and a commitment to completing projects safely and efficiently. I have experience reading blueprints and technical drawings, preparing worksites, handling materials and tools, and supporting specialized trades like welders, plumbers, and carpenters. I take pride in delivering high-quality results while ensuring compliance with workplace safety standards such as OSHA and WHMIS.

I am particularly drawn to Unified Engineering because of its reputation for excellence in construction and dedication to delivering high-quality projects. I am eager to contribute my hands-on experience, strong work ethic, and collaborative approach to help your team achieve its objectives. Whether working on residential, commercial, or industrial projects, I bring versatility, reliability, and a willingness to learn and take on new responsibilities.

I would welcome the opportunity to discuss how my skills and experience align with your needs for the welder-fitter position. I am confident that my broad construction knowledge, practical skills, and commitment to teamwork would make me a valuable addition to your organization.

Thank you for considering my application. I look forward to the possibility of contributing to Unified Engineering and helping deliver projects that meet the highest standards of quality and safety.

Sincerely,  
Abdellah Gram
